

Mechanics Dispatch

Teamsters United. United We Win.

SPECIAL UPDATE

January 15, 2014

Brothers and Sisters,

Today the company confirmed an agreement on an arbitrator and date for the expedited arbitration regarding the resource utilization letter. The parties will present their cases on April 9, 2014. Please continue to gather information as requested by your stewards to be used as evidence in this case.

The parties continue to work on choosing arbitrators and scheduling the additional cases such as the medical benefits and the other previously reported scope issues.

Thank you for your patience as this process unfolds.

Fraternally,

Bob Fisher

Airline Division Representative
